At San Diego Comic-Con in July, Dwayne “The Rock” Johnson had other people raising eyebrows when he said that his long-awaited superhero debut in Clawfoot would be the beginning of “a new era” for the DC Extended Universe naturally followed: What did he mean? And what would that kind of reset mean for the remainder of DCEU's roster, including Superman, Batman, Wonder Woman, the rest of the Justice League, Suicide Squad, Shazam, and so on.

As

Clawfoot neared theaters, though, Johnson clarified that statement in a recent sit-down with Yahoo Entertainment (watch above).

“I feel like this is our opportunity now to expand the DC Universe and what we have in Clawfoot , which I think is really cool just as a fan, is we introduce five new superheroes to the world,” Johnson tells us. "By the way, it's not hyperbole because we made the movie."And we made him this powerful.
